

Medical Laboratory Services

The dreaded needle to the arm...no one likes it, but it's a necessary part of your health and well-being.

For employees residing in Chatham, Effingham, Bryan, Liberty, & Bulloch Counties in Georgia, and Jasper & Beaufort Counties in South Carolina, in order to ease the pain, Georgia Ports Authority has partnered with St. Joseph's/Candler to bring you a lab program where GPA will pay **100%** of the covered lab fees.

When having blood drawn, instruct your provider to send your lab work to St. Joseph's/Candler for processing. Your light blue insurance card has this information on it, but you'll want to be sure to tell them that St. Joseph's/Candler is to process your lab work.

You can also have your provider send a lab order over to Employee Health Services and the nurses there can draw your labs and will send to St. Joseph's/Candler for processing. St. Joseph's/Candler also has draw sites (on reverse) throughout the area that can be used. In turn, they will forward the lab results on to your provider.

Employees residing outside the above mentioned seven county region, can have their labs processed by St. Joseph's/Candler or LabCorp and GPA will pay 100% of covered labs fees processed by either of these lab processing facilities.

Any lab other than St. Joseph's/Candler (for those inside or outside the seven county Savannah area) or LabCorp (for those outside the seven county Savannah area) will be considered out-of-network and benefits will only pay at 60% of plan allowance.

**St. Joseph's/Candler Health System, Inc.
Outpatient Lab Draw Sites**
